Beanbags

Be. Look. Live **SMART**

## SMART LIVING

Smart Living products turn a balcony, backyard or deck into a socialising zone that all your friends and family will love to kick back and relax in.

Smart outdoor furniture is so light and portable that you can transport to wherever needed—the lounge, deck, beach house or boat, the options are endless.

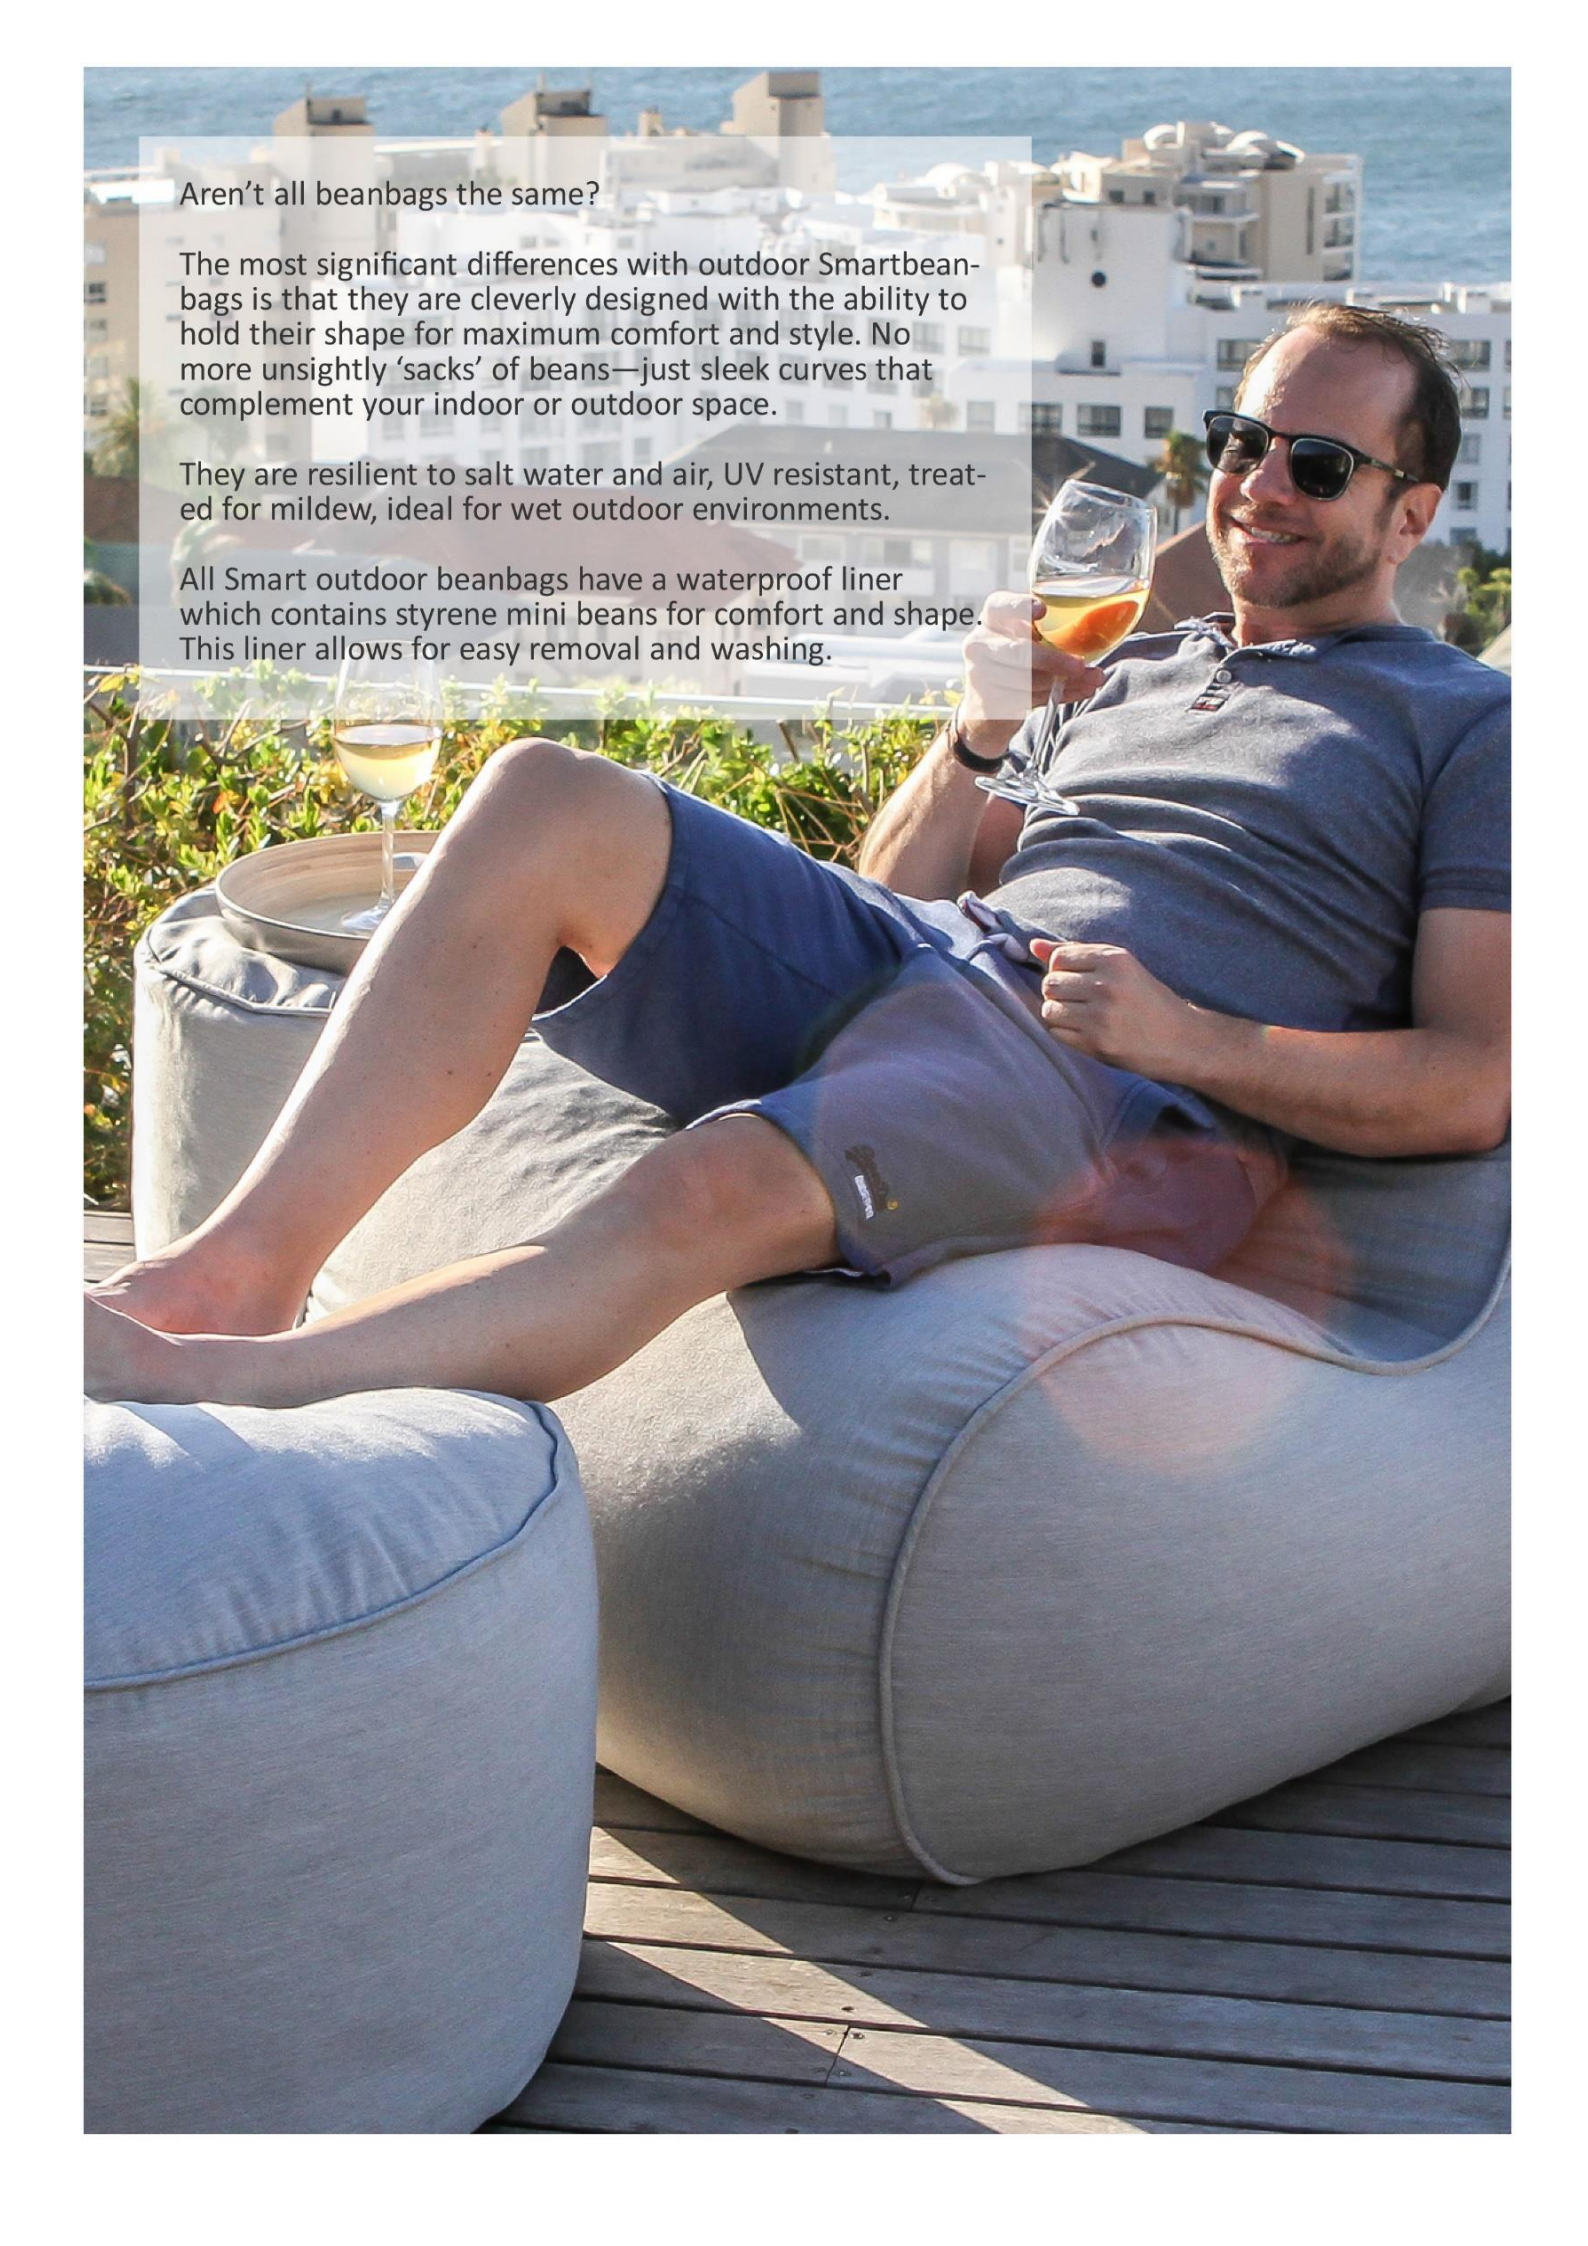

## SMART Outdoor Loungers

Throw away your uncomfortable deck chair or sun lounger! The curvaceous Smart outdoor beanbag lounger is ideal for relaxing in the sun, on the deck, by the pool, or in your favourite spot in the garden.

Aren't all beanbags the same?

The most significant differences with outdoor Smartbeanbags is that they are cleverly designed with the ability to hold their shape for maximum comfort and style. No more unsightly 'sacks' of beans—just sleek curves that complement your indoor or outdoor space.

They are resilient to salt water and air, UV resistant, treated for mildew, ideal for wet outdoor environments.

All Smart outdoor beanbags have a waterproof liner which contains styrene mini beans for comfort and shape. This liner allows for easy removal and washing.

## New Collections
